RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In response to an Office Action dated June 15, 2007, setting forth a restriction requirement in the above-identified application, applicants provisionally elect Group I, directed to a solid drug formulation, with traverse. Claims 1-23 read on the elected group and Claim 1 is generic.

In response to the requirement for an election of species, applicants provisionally elect wet granulation, as set forth in Claim 11, with traverse. Claims 1-9 and 11-23 read on the elected species and Claim 1 is generic.

Applicants traverse the restriction requirement on the grounds that Claim 1 is allowable over the prior art and encompasses the allegedly distinct inventions set forth in the dependent claims. Therefore, there is no additional work required for the examination of all the claims.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our below listed address.
